Using the Advanced Search
To use the advanced search in Gold Rush, begin by entering a word or words in the search box. Then, select the type of search you want to perform from the drop-down box. The default search is a keyword search. Next, select a limiter by clicking the check box beside "Full Text Resources" or "Free Resources." If you do not select a limiter, Gold Rush will search all resources. Finally, click the "Search" button. Gold Rush will combine multiple search words using a boolean AND.

Database Description:
Art Index, produced by the H.W. Wilson Company, is a bibliographic database that indexes articles from periodicals published throughout the world. Periodical coverage includes English-language periodicals, yearbooks, and museum bulletins, as well as periodicals published in French, Italian, German, Japanese, Spanish, Dutch, and Swedish. In addition to articles, this database indexes reproductions of works of art that appear in indexed periodicals.
