

## Update the Loan Rule Determiner Table for Peer to Peer Lending with Mobius

Add the entries below to your Loan Rule Determiner table. Because there are changes to the ptypes involved, you will need to add new lines that refer to Prospector institutional checkouts as well as all Mobius checkouts.

**As you add new lines to your Loan Rule Determiner Table, be sure to mark them as Inactive.**

For Prospector libraries lending to Mobius libraries:

Location	Patron type	Item type	Age Range	Loan rule	Active
????? or location in your library	220,224,227-228, 230,235-251	Your library's itype(s) for standard loan	Blank	Mobius Institutional Standard Loan	No
????? or location in your library	220,224,227,230, 236-238,240, 243-245,247,251	Your library's itype(s) for 7-day loan	Blank	Mobius Institutional 7-day Loan	No

For Prospector libraries checking out Mobius materials to their patrons:

Location	Patron type	Item type	Age Range	Loan rule	Active
?????	Your library's ptypes	209	Local policy or blank	Mobius Local Standard Loan	No
?????	Your library's ptypes	202	Local policy or blank	Mobius Local 7-day Loan	No

For Prospector libraries lending to other Prospector libraries:

Location	Patron type	Item type	Age Range	Loan rule	Active
????? or location in your library	201-210, 213-219	Your library's itype(s) for standard loan	Blank	Prospector Institutional Standard Loan	No
????? or location in your library	201-210, 213-219	Your library's itype(s) for 7-day loan	Blank	Prospector Institutional 7-day Loan	No

The existing lines in the Loan Rule Determiner table for Prospector libraries checking out Prospector materials to their own patrons will continue to work, no need to edit or duplicate them.

Rose will send out a notification when these loan rules should be changed to active.
